

## DCV-F series

The Duxvalves micro disc type choke control valve (type DCV-F series) is a compact built up design suitable for severe applications with possible **short delivery times**

### DESIGNED FOR:

- High pressure (drop)
- Contaminated fluids
- Cavitation and or Flashing

### FEATURES

- Compact design
- Short delivery times
- Uncomplicated design
- Seat tightness class V
- Good erosion resistance
- Easy maintenance
- Repairable internals

### APPLICATIONS:

- Level control
- Blow-down
- Fuel gas
- Flow control
- Glycol control
- Methanol injection

### DIMENSIONS:

- Standard 102 or 160 mm
- ANSI B16.10
- Others on request

### RANGE:

Body size	: ½ till 1"
Flange size	: ½ till 1"
Flanges	: ASME, DIN
Rating	: ASME Class 150 – 2.500
Cv range	: 0.01 – 3.8
